SUBJECT NO. 470.

Restoration of the Salur channel.

Mr. Bhavani Rao, Shikarpur taluk.

Summary of discussion.—The anicut of Ramanvaddu, head sluices, etc., are all in a very bad condition, and the channel is very much silted up. Early attention for the proper restoration of the channel may be kindly bestowed as this channel commands a large atchkat of over Rs. 6,000.

Reply of Government.—Under investigation in the Public Works Department.

SUBJECT NO. 471.

Repairs to the Mallapur tank.

Messrs. Bhavani Rao, Sanganabasappa and Ramani Channaveerappa, Shikarpur taluk.

Summary of discussion.—This tank breached several years ago and has not yet been restored. As hopes were held out that the tank would be repaired early, lands which were relinquished after the breach of the tank have since been taken up. As the tank will irrigate lands of seven or eight villages, its restoration may be sanctioned early.

Reply of Government.—The project for this work is ready, but has been held in abeyance to be considered along with the Ambligolla project.

SUBJECT NO. 472.

Repairs to the Bhangari voddu and Koravanji voddu.

Mr. Bhaskara Rao, Shimoga District Board.

Summary of discussion.—The Bhangari voddu at Bedavatti and the Koravanji voddu at Kumsi village (Sorab taluk) may be restored early as they are very useful and remunerative works of irrigation.

Reply of Government.—Under investigation in the Public Works Department.

SUBJECT NO 473.

Repairs to the Kumsi Kattekere.

Mr. Ramachandrappa Dube, Kumsi sub-taluk.

Summary of discussion.—All the sluices of this tank and the *kodi* are out of order, and a considerable portion of the water in the tank runs to waste. Although the restoration of the tank has been repeatedly pressed on the attention of Government for the past ten years, no action has yet been taken in the matter.

Reply of Government.—Will be referred to the Public Works Department for report.

SUBJECT NO. 474.

Santebennur and Kasipura villages to be attached to the Basavapatna hobli.

Messrs. Nadig Bhima Rao, and Appajaiya, Channagiri taluk.

Summary of discussion.—The lands of Sulekere and Kasipura villages are included within the atchkat of the Sulekere tank. The distances from Sulekere to Basavapatna and to Santebennur are 5 and 10 miles respectively. All the remaining villages, the lands of which are irrigated by the water of the Sulekere tank are situated in the Basavapatna hobli. To the raiyats of Sulekere and Kasipura villages, Basavapatna is much nearer than Santebennur. Two shekdars have now got to dispose of the papers relating to the Sulekere tank and its channels. It is therefore prayed that, as a matter of administrative convenience, Sulekere and Kasipura villages may be transferred from Santebennur to Basavapatna hobli. It may be added that while the jamabandi of Santebennur hobli
